

## Darkside

## Stereoside

I see you're struggling so what's your story  
I think you're beautiful just so empty  
You give yourself away and get back and then  
I'll give myself to you if you give yourself to me

Walk on in to the darkside  
Can see you're waking up  
Walk on in to the darkside  
To the darkside

I see you're waking up and that shows promise  
I see inside of you it's just like me  
You'll give yourself away and get back and then  
You'll give yourself to me and I'll give you back to  
you

Walk on in to the darkside  
Can see you're waking up  
Walk on in to the darkside  
Can see you're waking up  
Walk on in to the darkside  
Can see you're waking up  
Walk on in to the darkside  
To the darkside

Walk on in to the darkside  
Can see you're waking up  
Walk on in to the darkside  
Can see you're waking up  
Walk on in to the darkside  
Can see you're waking up  
Walk on in to the darkside  
To the darkside

I can see you're waking up (walk on in to the darkside)  
I can see you're waking up

(wake up)  
(wake up)
