

# Hey Joe

Stereoside

Remember the times when we were young  
When messin around seemed so much fun  
I gotta admit it didn't look so right  
What the mind see's on a dark lit night

Hey Joe don't get your gun today  
And make an example out of me  
I know you found us in your bed  
But Joe I swear to god she only gave me

Hey Joe - Hey Joe - Hey Joe - Hey Joe - C'mon

Falling from grace is all i've done  
And taking away the trust at home  
I wanted to tell you everything was alright  
Until I found out your plan that night

Hey Joe don't get your gun today  
And make an example out of me  
I know you found us in your bed  
But Joe I swear to god she only gave me

Hey Joe - Hey Joe - Hey Joe - Hey Joe
