

# I'll Wait

Stereoside

I am a Hero to my lover  
Sitting on the moon, yeah  
Champion to a cause  
On a White Horse, I'll wait for as long as it takes  
As the Guardian of her heart

So, when I'm alone, or you've been gone too long...  
I just can't help but to sit around and make these things up

It's cold outside...  
Yeah, when you coming home?  
I don't know where you've been...  
Oh, but this time it's been too long...  
And the fires burning out, there's no way I can make it last.  
But I'll wait... mmmm, I'll wait.

Tag every Water Tower from here to California,  
Yeah, with your name plus mine  
Tangled up in the moment, yeah  
When every second counts, where we just sail into overtime

And I'd crawl, under the weight of the 'lost of the world'  
If you were on the other side

Yeah, see I can't help but to sit and make these things up...

Well, It's cold outside...  
Yeah, When you coming home?  
I don't know where you've been...  
Oh, but this time it's been too long  
And the fires burning out... there's no way I can make it last...  
But I'll wait.

Head in my hands, yeah  
Still I can hear you say, like it was yesterday...  
Head in the clouds, with all this "make believe"  
All of this "make believe"  
I'll wait...

ITS COLD OUTSIDE!!! YEAH, WHEN YOU COMING HOME?

Well, It's cold outside...  
Yeah, when you coming home?  
I don't care where you've been, oh, cause this time it's been too long  
And the cold is at the door...  
But the fires is burning strong, and I'll wait...  
Mmm, I'll wait...  
Yeah... mmmmm I'll wait
