

# Be Good To Me

Steriogram

And i stand at the foot of the hill  
That i saw as a boy in a bon jovi world  
Now i'm blessed but i'm wanting for more  
So be good to me, so be good to me  
All the things i thought about you gave each day  
Can i thank you for each day  
I know i'm not that good  
I haven't earned it that way  
Days i don't deserve  
You were always there it hasn't ever changed  
When you put it all this way  
Your tears light up my smile  
Then it started, well before i knew  
Before i knew you  
And what to me you would do  
Well i had so many things  
That i wanted to see and achieve  
You could say dreams i guess  
Well it seems so easy  
Nothing could stop me  
If i thought it i could do it  
And expect nothing less  
But as i went further something started to change  
Will you be good to me again  
When i walk on the red carpet floor  
It's the same pair of feet and the same pair of claws  
Now i drive in my ride on the opposite side  
So be good to be, so be good to me  
All the things i thought about you gave each day  
Can i thank you for each day  
I know i'm not that good  
I haven't earned it that way  
Days i don't deserve  
You were always there it hasn't ever changed  
When you put it all this way  
Your tears light up my smile  
There was a few key people  
That pulled me down  
But you never did that  
That's the buzz that i found  
I bought the sound of the insecure ones  
But you pushed me with ideas  
So i could run  
So i'm asking stick it when i ride  
On the opposite side  
That you stay around here and dont decline  
So in this time will you be good to me  
And stick it right here 'cause i know you've seen  
And it's so hard.. and it's so hard..  
And it's so hard.. and it's all  
You know that..  
And I stop and I stare for a while  
Days I don't deserve  
When you put it all this way  
Your tears light up my smile  
And it's only in your head  
The people tried to say

But when my stolen dreams woke up  
They found you'd never changed  
Now I stand at the foot of the hill  
Make a song sing it out  
And believe this is real
