Oh wow look at them move come on
shakin their wah ah oo
too hot to trot
i know i saw you last year
sleeveless hound dog top
you hated guitars
house music was your love love love

they know they blowin' like the wind
where ever they go
they goin with whats in
they wear the halo
act like always rode that hipster train home
what is the L line anyway

we've been friends since day one
and mate you ain't changed one bit
so just quit i hate when you play dumb
you ain't nothing like the way that you act
and its fact you'll be taking it back when the days done
i don't know who i have to find to make you realise
stop the clock and press rewind
so bruv being big your not you see me
I'm the same as you met me so stop tryin to vex me

they know they blowin' like the wind
where ever they go
they goin with whats in
they wear the halo
act like always rode that hipster train home
what is the L line anyway
