

# Whiskey

Steriogram

Its so damn beautiful tonight  
i stand and marvel at the site  
i cant decide which one to do  
there's one of me and two of you

don't let me go to waste  
don't remember just erase  
we're a time bomb ticking away

pour the whisky into the glass  
bottoms up bottoms why do we start  
it's the same old story time and again  
alcohol is not my friend

not feeling wonderful today  
woke up in a bus stop by my place  
on the hunt for pills to numb the ache  
those last few drinks was a mistake

get right back on that horse  
still drinking, no remorse  
I didn't know that sister was yours

pour the whisky into the glass  
bottoms up bottoms why do we start  
it's the same old story time and again  
alcohol is not my friend
