Everybody get down when we give it to you
Everybody feel it come around with the rhythm it's the sound
Everybody get down when we give it to you
Everybody feel it come around with the rhythm it's the sound
Everybody get down when we give it to you
Everybody feel it come around with the rhythm it's the sound
Everybody get down when we give it to you
Everybody feel it come around with the rhythm it's the sound
Everybody get down when we give it to you...

Everybody get down
Everybody get...
