

No Enemies

Steve Angello

Do it now, baby, flaunt it—flaunt with me
I feel so supreme, babe, I'm on my knees
Got my love for free
The, the, the chemistry, it's looking for me
I'm a ghost machine, it's my destiny
Got no enemies

Do it now, baby, flaunt it—flaunt with me
I feel so supreme, babe, I'm on my knees
Got my love for free
The, the, the chemistry, it's looking for me
I'm a ghost machine, it's my destiny
Got no enemies

Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies

Do it now, baby, flaunt it—flaunt with me
I feel so supreme, babe, I'm on my knees
Got my love for free
The, the, the chemistry, it's looking for me
I'm a ghost machine, it's my destiny
Got no enemies

Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies

I'm a ghost machine, it's my destiny
Got no enemies

Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
Got no enemies
