

Prisoner

Steve Angello

It comes in the late night
Cold sweat and a fever
I once was a fighter
But now you're the leader
So tie in your chains
I'm never this eager
Cause you got the reigns now
The deep's getting deeper

I'm a prisoner to these feelings
I'm a prisoner to these feelings
Dropped my anchor in the wrong bay
Now my heart is being mislead
I'm a prisoner to these feelings
Let me go
Let me go
