

# Stay

Steve Angello

She's a warrior  
At least she tries to be  
She's got everything  
A man could need

I fall into her  
I'm falling deep  
She's an ocean  
Ocean at my feet

Won't you stay?  
Stay inside?  
Where we can hide  
Where we can hide

Won't you stay?  
Stay with me?  
Where we can be  
Where we can be  
Ooh, finally free  
Finally free

She says there's a line only she sees  
But in her smile, there's a dream  
She makes me feel like a renegade  
She's both my fire and my fire brigade

Oh, she dances in the pouring rain  
And washes all four of my stains  
There's no place I'll ever be  
Next to you, you're next to me

Won't you stay?  
Stay inside?  
Where we can hide  
Where we can hide

Won't you stay?  
Stay with me?  
Where we can be  
Where we can be  
Ooh, finally free  
(Ooh, ooh, oooooh)  
Finally free  
(Ooh, ooh, oooooh)

Won't you stay?  
(Ooh, ooh, oooooh)  
Stay inside?  
Where we can hide  
(Ooh, ooh, oooooh)  
Where we can hide

Won't you stay?  
(Ooh, ooh, oooooh)  
Won't you stay?  
Stay with me?

Where we can be  
(Ooh, ooh, oooooh)  
Where we can be  
Ooh, finally free  
(free, free, free...)
