

All This Time

Steve Aoki

Close my eyes, want you here
Closer to me, to me
Lost in time, days and years
That's where we'll be, we'll be

Oh, say you'll be there in the middle of the night
Need you by my side
Runnin' in my mind
Oh, say you'll be there when the dark turns to light
Need you by my side
After all this time

After all this time
Need you by my side
After all this time

Where have you been? Did you go far, far away?
Away
'Cause I'm hooked on your love. Do you think of us?
I just need to know

Oh, say you'll be there in the middle of the night
Need you by my side
Runnin' in my mind
Oh, say you'll be there when the dark turns to light
Need you by my side
After all this time (After all this time)

After all this time (After all this time)
Need you by my side
After all this time
Say you'll be there in the middle of the night
Need you by my side
Runnin' in my mind
Say you'll be there when the dark turns to light
Need you by my side
After all this time

Time
Time

So, tell
Say you'll be there when the dark turns to light
Need you by my side
After all this time
