

Anything More

Steve Aoki

Mmm, mmm, ooh
Oh, oh, oh

Nothing on me, but my body
Got no money, but I got all I need
Got my city right behind me
I know these streets, we'll take it with me (Oh)

We live it day by day
No sleep 'til we got paid (Oh)
Nobody in my way
Live like we got it made

Got my drink, got my weed
Got my baby next to me
Cheap champagne, no Hennessy
Pour it up and light them trees (Oh)
Yeah, we got bills to pay
Live like we got it made (Oh)
Scream it out 'til we're sore

We don't need anything more-ore-ore
We don't need anything more-ore-ore
We don't need anything more (More, more)
We don't need anything more-ore-ore (More, more)

Got the night off, I don't care though
'Cause I got you in my company
We be shinin', just like diamonds
We be runnin' 'til we find our feet (Oh)

We live it day by day
No sleep 'til we got paid (Oh)
Nobody in my way
Live like we got it made

Got my drink, got my weed
Got my baby next to me
Cheap champagne, no Hennessy
Pour it up and light them trees (Oh)
Yeah, we got bills to pay
Live like we got it made (Oh)
Scream it out 'til we're sore

We don't need anything more-ore-ore
We don't need anything more-ore-ore
We don't need anything more (More, more)
We don't need anything more-ore-ore (More, more)
