

# Cut You Loose

Steve Aoki

I will love you at your worst  
My dear  
I will love you at your worst

You can tell me what will hurt to hear  
I will love you at your worst  
I will never cut you loose  
Not even if I wanted to  
When all your angels wings refuse  
I will never cut you loose

I will never cut you  
I will never cut you

Never cut you loose

I will dive in the streams of your waterfall  
I will build you a stage for your curtain call  
I will lie, live and die for your heart  
For your heart

I will love you at your worst  
My dear  
I will love you at your worst

You can tell me what will hurt to hear  
I will love you at your worst  
I will never cut you loose  
Not even if I wanted to  
When all your angels wings refuse  
I will never cut you loose

I will never cut you  
I will never cut you

Never cut you loose

I will love you at your worst  
My dear  
I will love you at your worst

You can tell me what will hurt to hear  
I will love you at your worst

I will never cut you  
I will never cut you

Never cut you loose
