Don't you hold your breath
Cause I'm not coming down
The battlefields have left me only scars

I'm floating in the dark
I'm swimming in the sound
Of voices that should never be apart

Darker than the black
(Darker than the black)
Higher than the sun
(Higher than the sun)
This is not the end
(This is not the end)
You are not the only one
(You are not the only one)

Don't you hold your breath
Cause I'm not coming down
The battlefields have left me only scars

The higher than they climb
The harder they will fall
And we will break their bones until they fold

Darker than the black
(Darker than the black)
Higher than the sun
(Higher than the sun)
This is not the end
(This is not the end)
You are not the only one
(You are not the only one)
