

I'll Be Okay

Steve Aoki

Yeah

We don't give no fucks, yeah that's the motto
Ain't worry 'bout a thing, I know I'll be okay
We're gonna live it up tonight
And do just what we like
Because we might be gone tomorrow

No we don't give no fucks, yeah that's the motto
Ain't worry 'bout a thing, I know I'll be okay
We're gonna live it up tonight
And do just what we like
Because we might be gone by tomorrow
I might be gone

They wanna keep us down, yeah
We don't let it keep us down
We can't play pretend, we only play to win
Well that's the price you pay, yeah
We going out every day, so that we can't forget
And live with no regrets

Life's not a race, but we're chasing
The life that we want 'cause we hate this
Roll it up in a blunt and we face it
All night

We don't give no fucks, yeah that's the motto
Ain't worry 'bout a thing, I know I'll be okay
We're gonna live it up tonight
And do just what we like
Because we might be gone by tomorrow

No we don't give no fucks, yeah that's the motto
Ain't worry 'bout a thing, I know I'll be okay
We're gonna live it up tonight
And do just what we like
Because we might be gone by tomorrow
I might be gone

Might be gone tomorrow
Might be gone tomorrow
Might be gone tomorrow
Might be gone

Any day or any time you wanna go, yeah
All you gotta do is hit me on my phone, yeah
Just like we talked about a million times before
But we're gonna do it right this time
Every day, day day day's a vacation
And we stay stay stay stay, no vacating
We're doing the most
Raise your glasses and toast
'Cause we made it, yeah we made it

We don't give no fucks, yeah that's the motto
Ain't worry 'bout a thing, I know I'll be okay

We're gonna live it up tonight
And do just what we like
Because we might be gone by tomorrow

No we don't give no fucks, yeah that's the motto
Ain't worry 'bout a thing, I know I'll be okay
We're gonna live it up tonight
And do just what we like
Because we might be gone by tomorrow
I might be gone

Might be gone tomorrow
Might be gone tomorrow
Might be gone tomorrow
