

I got the weight of the world on my back  
And it made me slip right through the cracks  
It caused a chain reaction  
Now I escape to a world here with you  
Up is down, red is blue  
We see through all the distraction

Maybe I should join a cult  
At least they'll tell me it's not my fault  
That the world's a fucking circus  
That my life feels fucking worthless  
Maybe I should join a cult  
At least they'll tell me it's not my fault  
When it all comes crashing down  
We'll see who's laughing  
Now  
Now

Maybe you should join a circus  
So you see just what your worth is  
In your palace of lost battles  
How could you be so judgemental?  
Maybe it's you, maybe it's me  
How you won't accept no more apologies  
I don't want to understand you  
'Cause I know you would stand on me

Maybe I should join a cult  
At least they'll tell me it's not my fault  
That the world's a fucking circus  
That my life feels fucking worthless  
Maybe I should join a cult  
At least they'll tell me it's not my fault  
When it all comes crashing down  
We'll see who's laughing  
Now  
Now

Maybe it's not a conspiracy  
And it's nothing but coincidence  
Maybe there's some possibility  
That I'm not insignificant  
Maybe I've been getting brainwashed  
But here I get to take off  
The face I hide behind

Maybe I should join a cult  
At least they'll tell me it's not my fault  
That the world's a fucking circus  
That my life feels fucking worthless  
Maybe I should join a cult  
At least they'll tell me it's not my fault  
When it all comes crashing down  
We'll see who's laughing  
Now  
Now  
Now  
Now  
Now
