

Rubble to Gold

Steve Aoki

Watch out for the ropes
If you're coming for me
You should try to get real close
First chance is free
Lord knows I've battled the breeze
Ah-ah-ah, you'll take the wind
But you won't take the fire outta me

Wait for me
Wait for me
Flowing through like water
Promise I will be stronger

So watch over me
Watch over me
I will turn this rubble to gold
So watch me go, watch me go
So watch over me
Watch over me
I will turn this rubble to gold
So watch me go, watch me go

Watch over me
Watch over me
I will turn this rubble to gold
Watch me go, watch me go

You shoot the gun then I load
But I won't fall to my knees
'Cause every time that you aim
They ricochet off of me
You know I've battled the breeze
Ah-ah-ah, you'll take the wind
But you won't take the fire outta me

Wait for me
Wait for me
Flowing through like water
Promise I will be stronger

So watch over me
Watch over me
I will turn this rubble to gold
So watch me go, watch me go
So watch over me
Watch over me
I will turn this rubble to gold
So watch me go, watch me go

Watch over me
Watch over me
I will turn this rubble to gold
So watch me go, watch me go
