

Stars

Steve Aoki

Imma take up all the night
Yeah
Imma see the stars tonight
Let's go, let's go
Baby kiss my heart at night
Yeah
Baby kiss my heart at night
Yeah. Let's go
Imma say goodbye tonight
See the stars tonight
Kiss my heart at night
Imma say goodbye tonight
See the stars tonight
Kiss my heart till the night

She says I'm shining
Baby, I'm a star tonight
Golden cars shine bright, when you're in the moon light
Rest in piece to X
Please stop thinking about my ex
I was never want to flex
Baby, you know that I'm next
Can't deny you love the sex
When I met you, you was wiping tables
Now you in the jet
Yeah just like me
You and me are down for the stretch

Please don't let me down girl
Please just hold it down girl
You taste just like cotton candy
Baby that's my lil baby
Please don't let me down girl
Please just hold it down girl
You taste just like cotton candy
Baby that's my lil baby

Imma take up all the night
Imma see the stars tonight
Baby kiss my heart at night
Baby kiss my heart at night
Imma say goodbye tonight
See the stars tonight
Kiss my heart at night
Imma say goodbye tonight
See the stars tonight
Kiss my heart at night

Baby, put the scars away
I hope you find better days
Just know you was not alone
I was once in that same place
Punching walls until they break
Broke my hand in seventh grade
Can't explain my other way
Up at 4 am yeah

Thinking about another way
Yeah
I'm waiting for my final day
I get lost inside my maze
Staying strong was my only way
Girl those days are dead to me
Those days are over

And I'm feeling like a better me
Look up to the skies
Stars are shining
It was meant to be
Yeah
Looking up into the sky
Looking up into the sky
Stars are shining so bright
It was meant to fucking be

Imma take up all the night
Imma see the stars tonight
Baby kiss my heart at night
Baby kiss my heart at night
Imma say goodbye tonight
See the stars tonight
Kiss my heart at night
Imma say goodbye tonight
See the stars tonight
Kiss my heart through the night
Yeah

Imma take up all the night
Imma see the stars tonight
Baby kiss my heart at night
Baby kiss my heart at night
