

The Show

Steve Aoki

Oh yea

Sitting right here with the bottle of the red wine
Roll them notes and a reason for the headlines
Stayed at home, should've listened for the first time
Oh, I said I don't want to be like them
I don't want to be like them

Now I spend my time late nights looking like I don't care
And I get real high sometimes 'cause it's better up there

Guess I'm getting on with the show
But it ain't no good without you
I don't like being alone
So I'ma go drink about ya
And I will do what I want
Follow the crowd, tear it all down
Guess I'm getting on with the show
But it ain't no good without you
(Guess I'm getting on with the show)

Guess I'm getting on with the show

Life don't wait for anyone that I know
Keeps going down, met the devil and I sold my soul
I said I'm done but I can never never let it go
And now I kinda feel like them
I didn't wanna be like them

Now I spend my time late nights looking like I don't care
And I get real high sometimes 'cause it's better up there

Guess I'm getting on with the show
But it ain't no good without you
I don't like being alone
So I'ma go drink about ya
And I will do what I want
Follow the crowd, tear it all down
Guess I'm getting on with the show
But it ain't no good without you
(Guess I'm getting on with the show)

Guess I'm getting on with the show
Guess I'm getting on with the show
Guess I'm getting on with the show
Guess I'm getting on with-
Guess I'm getting on with the show
(Guess I'm getting on with the show)
Guess I'm getting on with the... show
