

## Weirder Things

Steve Aoki

I'm coming down right now  
Stop making those excuses

Can't this wait till the morning?  
I'm coming down right now  
Aye, shawty, I can't do this  
Stop making those excuses  
They told me one hit is enough  
I kinda like how I live  
They said, "Remember  
Destruction comes with pain"

Switched up like I switch my women  
Hit that like a fool, I'm dippin'  
You hate when I move like that  
Too rude when I move like that  
A fool that's stuck inside of  
His ways, his ways, my ways

I feel this darkness around me  
A fool for the rush  
I got some demons that I cannot deny  
We run and we hide  
I'm breaking the rules and facing them now  
'Cause this life gon' break you down

Can't this wait till the morning?  
I'm coming down right now  
Aye, shawty, I can't do this  
Stop making those excuses  
They told me one hit is enough  
I kinda like how I live  
They said, "Remember  
Destruction comes with pain"

They told me two hit is enough  
I kinda like how I live  
They said, "Remember  
Destruction comes with vain"

I'm coming down right now  
Stop making those excuses
