I Never Stopped Lovin' You

Steve Azar

I know last night
Things got a little out of hand
It seemed with one slam of the door
Our world came crashin' in
And now you ask
Can we start over again
Well, tell me how can I start one more time
Where would we begin

I never stopped lovin' you
Even in the hardest times
I never stopped believin' we'd get through
I never stopped lovin' you
And startin' over now
Is somethin' I can't do
I never stopped
I never stopped lovin' you

It's been buildin' up
For such a long time
All the pressures of makin' a livin'
Just pushed us over the line
Now you're afraid
That we've gone too far
But there's one thing
You've gotta believe
From the bottom of my heart

I never stopped lovin' you
Even in the hardest times
I never stopped believin' we'd get through
I never stopped lovin' you
And startin' over now
Is somethin' I can't do
I never stopped
I never stopped lovin' you

I've done some crazy things
That I've lived to regret
But givin' up on us never crossed my mind
I'm not that crazy yet

I never stopped lovin' you
Even in the hardest times
I never stopped believin' we'd get through
I never stopped lovin' you
And startin' over now
Is somethin' I can't do
I never stopped
I never stopped lovin' you
