

I Can't Get Back

Steve Forbert

I've lost my way, I can't get back
I've gone astray, I'm way off track
And I can't get back

How'll I find my way back home again?
How'll I find those friends of mine?
How'll find my way back home and then
How'll I find Sweet Caroline?

You never know you're far enough
Until you've gone too far
And then you can't get back
To where you were from where you are

I've lost my way, I can't get back
I've gone astray, I'm way off track
And I can't get back
I've lost my way, I'm way off course
I've gone astray on my dark horse
And I'm way off course

How'll I find my way back home again?
How'll I find those friends of mine?
How'll I find my way back home and then
How'll I find Sweet Caroline?

I've lost my way, I'm way off course
I've gone astray on my dark horse
And I'm way off course
I've lost my way, I can't get back
I've gone astray, I'm way off track
And I can't get back
