

# Perfect Stranger

Steve Forbert

If someone could only talk to me  
And show me the way through sorrow  
And make me the man I'm supposed to be  
I could see clear tomorrow

And there she is  
There she is

I search for the same things every day  
Somebody's got my answers  
And someone could calm this curse away  
Down with the moonlight dancers

Well, there she is  
Your perfect stranger  
In her eyes  
You see your future  
She's the one  
Your nights are long for  
Go on and tell her so  
And then you'll know  
She knows, she knows, she's wonderful

Lifeline glances and steamboat chances  
She knows that much  
Small town traces and strange new places  
She shows that much...

If someone could just get close to me  
Someone the stars appear for  
And show me the things I'm 'sposed to see  
And all of the dreams I'm here for

Well, there she is  
Your perfect stranger  
In her eyes  
You see your future  
She's the one  
Your nights are long for  
Go on and tell her so  
And then you'll know  
She knows, she knows, she's wonderful

There she is  
Your perfect stranger  
In her eyes  
You see your future  
She's the one  
Your nights are long for  
Go on and tell her so  
And then you'll know  
She knows, she knows, she's wonderful

There she is  
There she is  
There she is  
Your perfect stranger

(Ah... perfect stranger)  
There she is  
Your perfect stranger  
(Ah... perfect stranger)  
There she is  
Your perfect stranger  
(Ah... perfect stranger)  
There she is  
Your perfect stranger
