

Steve Forbert's Moon River

Steve Forbert

Roll your rain
Roll your rain
Roll your rain down

Well, help me peel the frown off my face... chit-chat-chat
I need a little faith an' that's what I'm after
Diamonds on a band in your hair... chit-chat-chat
You're talkin' to your wall, you're sleepin' with a stranger

Oh, moon river
Moon river

Lisa doesn't know what I mean... chit-chat-chat
I try to make it good, I can't rearrange her
Standin' in the track of her tears... chit-chat-chat
You know I'm just a child, I can't see the danger

Oh, moon river
Moon river

Roll your rain
Roll your rain
Roll your rain down

Ooh, well, typin' up alone in my room... chit-chat-chat
The night goes creepin' by, I talk to the paper
Wakin' up to sun feelin' fine... chit-chat-chat
Got shoes aroun' my feet an' I'm off to my races

Oh, moon river
Moon river

Roll your rain
Roll your rain
Roll your rain down
