

I Call You To Praise

Steve Green

I call you to praise
Come and worship
The King in His splendor and power
I call you to enter His presence
Come linger in glory this hour
Let us stand in awe
Though we only see
But a tiny glimpse of His majesty

Let us praise Him
All that is within us
Praise Him
And worship our Lord Jesus
All who come before Him stand amazed
I call you now to praise

I call you to praise
Now awaken
And set your affections above
Forsake all that keeps you from praising Him
Delight in His mercy and love
For we've come to know
But the smallest part
Of the endless love in our Father's heart

Let us praise Him
All that is within us
Praise Him
And worship our Lord Jesus
All who come before Him stand amazed
I call you now to praise
