

# I Wait

Steve Green

I wait, I hope, I trust in You  
I wait, I hope, I trust in You

I wait on Your goodness  
And I know You are constant  
Even though I don't see You  
And sometimes don't feel  
And I hope in Your kindness  
'Cause I know You are for me  
I trust in Your faithfulness

I wait, I hope, I trust in You  
I wait, I hope, I trust in You

Having done all I can  
Having done all I stand  
You come and meet me as I am  
Knowing You're here with me  
As You sing over me  
I find my destiny in You

I wait, I hope, I trust in You  
I wait, having done all I can  
I hope, having done all I stand  
I trust, You come and meet me where I am  
I wait, knowing You're here with me  
I hope, as You sing over me  
I trust, I find my destiny in You

I will trust You, I will trust You, I will hope in You  
I will trust You, I will trust You, I will hope in You
