

I Will Call On You

Steve Green

There's no one else who hears
No one else to listen when we call
Who cares when we're crying
There's no one else who waits
No one else who promised to be here
When our hearts fear

I'll call on you
Call when I'm in trouble,
I will call whenever I despair
I'll call on you
Watching and waiting
You alone will answer ev'ry prayer
There is no one else I can turn to
I will call on you.

You're near to those who call
Near to all who call on you in truth
Who walk with you humbly
So purify my heart
So that my request will reach your ear
Then you'll draw near.

I'll call on you
Call when I'm in trouble,
I will call whenever I despair
I'll call on you
Watching and waiting
You alone will answer ev'ry prayer
There is no one else I can turn to
I will call on you.

There is not a sound
No song as sweet
That reaches your mercy seat
Reaches your mercy seat

I'll call on you
Call when I'm in trouble,
I will call whenever I despair
I'll call on you
Watching and waiting
You alone will answer ev'ry prayer
There is no one else I can turn to
I will call on you.
