

The Plan

Steve Green

I don't need to have the plan in hand
I don't need to have the end in sight
All I need to do is follow you
Wherever you lead and do what you ask me to

Trusting you, Lord, with all my heart
Following you all my days
Whether I can or can't understand
I'll acknowledge you
In all my ways

I don't need to have the plan in hand
I don't need to have the end in sight
All I need to do is follow you
Wherever you lead and do what you ask me to

Though I am pressed on every side
I am not in despair
My faith in you will carry me through
Though I may not see
Where You're leading me.

I don't need to have the plan in hand
I don't need to have the end in sight
All I need to do is follow you
Wherever you lead and do what you ask me to
