## **Lost in Your Eyes**

## **Steve Hackett**

I see the valleys
I see the streams
I see the mountains and what's in between
I hear thunder fall from the sky
I see a world
Lost in your eyes

In my dreams
I see you smile
I feel the sun I want to stay for a while
I hear music just makes me cry
I see a world
Lost in your eyes

A one horse town
A dirt road
Way in the desert where the cactus' grow
I hear you calling me mile after mile
I see a world
Lost in your eyes
