

Loving Sea

Steve Hackett

Everywhere around you
Blue blue sea
Any boat at all
As long as it's you and me
Spread your wings

Carry me to the loving sea

Love tumbling
From stones and waterfalls
On to the pages
Dreams take shape to
Your wake up call
Wild streams
Won't be my guide
All along the way
On life's long rich ride

Carry me to the loving sea

High above the world
Deep in the colour of your love

Carry me to the loving sea...
