

# Martian Sea

Steve Hackett

Fly by night you steal by stealth  
All the while wrapped up in self  
You only hit and run  
Tell me that you love me true  
Here's one for me, the rest for you  
As you're the chosen one

Martian sea  
No empathy

You said one time you'd ruin me  
If I ever tried to leave  
It's written in blood  
You'll play away another day  
That's all you ever need to say  
A one-sided love

Martian sea  
No empathy
