

# The Gulf

Steve Hackett

You know it's so hard  
To be up before dawn  
You know it's so hard  
To be up before dawn  
A few seconds' breath  
A last cigarette  
Execution fever  
In a war torn land  
Maybe it's the will of the Lord  
Or the mind of man

There's been heavy fighting  
In the Gulf of Iran  
Pour away your whiskey  
Or meet the kiss of the lash  
Cover up your women  
Like it says in the Koran  
Maybe it's the will of the Lord  
Or the mind of man  
...
