Every time I feel the wind of change

**A**  
blowing over me

**D** **A** **G**  
And I feel it's heart beat like some

**A**  
god of thunder

**E** **G**  
It rattles through my life n' times

**D** **A**  
It opens heavens highway

**E** **G**  
I reckonize the lucky signs

**D** **A**  
I know ut's coming my way

**D** **A** **G** **D A G A D**  
Don't let the rain fall down on this parade

**A** **G** **D A G A D**  
I been calling for the sun to shine all day

**A** **G** **D A G A D**  
Don't let the rain fall down on this parade

**D A G A**  
no raining todaaaaay!

**D** **A**  
Every now and then I think that I'm growning up,

**A G A**  
but I'm at that stage

**D** **A**  
And then again I begin to think "this is really it!"

**A G A**  
but it's hard to gauge

**D A G A**

**E** **G**  
It rattles through my life n' times

**D** **A**  
It opens heavens highway

**E** **G**  
I reckonize the lucky signs

**D** **A**  
I know ut's coming my way

**D** **A** **G** **D A G A D**  
Don't let the rain fall down on this parade

**A** **G** **D A G A D**  
I been calling for the sun to shine all day
