

# Someone

Steve Lukather

See your shadow every time  
Round the corners of my mind  
But I don't seem to wonder why  
Deep inside you still got a hold on me

To think I'd find someone like you in my heart  
Just the thought of you keeps tearing me apart  
Is there nothing I can do to feel your love?

Walk the borders of my home  
Keep you near but I'm alone  
Just another lonely night  
Deep inside you still got a hold on me

To think I'd find someone like you in my heart  
Just the thought of you keeps tearing me apart  
I know there nothing I can do to feel your love

To think I'd find someone like you in my heart  
Just the thought of you keeps tearing me apart  
Is there nothing I can do to feel your love?

To think I'd find someone like you in my heart  
Just the thought of you keeps tearing me apart  
Is there nothing I can do to feel your love?
