

## Little Girl

Steve Miller Band

Oh little girl, all mine  
Hey, you sure are fine  
I'm gonna take you home  
That's where you belong

Cause you were born to discover  
You're made to love the good things  
Yes, you were

Oh little girl, so fine  
I'm goin' to make you mine  
Reach out my hand  
I know you understand

Cause you were born to discover  
You're made to love the good things  
Yes, you were

Let me hear you say I, I love you  
Let me hear you say I, I love you  
Let me hear you say I, I love you  
Let me hear you say I, I love you

Cause you were born to discover  
You're made to love the good things  
Yes, you were

Come on

Let me hear you say I, I love you  
Let me hear you say I, I love you  
Let me hear you say I, I love you  
Let me hear you say I, I love you

Cause you were born to discover  
You're made to love the good things  
Yes, you were  
Come on  
Iii, whoa, yes
