

Macy

Steve Moakler

Macy watches the sidewalk down the lane,
4 o clock in the morning
She's wide awake.
The wind of the raindrops raise to the ground, she's not in a hurry
She knows she is going down.

Macy
It doesn't have to be so hard.
I know you're not here but you're not too far to turn around,
To where you saw things clearer.
Locked yourself when you looked to the mirror
Graces at your back,
Turn around.

She's drinking like herself
Sinking like a stone
She's lost in a party and Noe feel alone.
Looking for a boy to take her home and tell her that she's pretty 'cause she
's not social.

Macy
It doesn't have to be so hard.
I know you're not here but you're not too far to turn around,
To where you saw things clearer.
Locked yourself when you looked to the mirror
Graces at your back,
Turn around.

Your friends say they don't know who you are but they know who you were as a
fame and beautiful star.
They're saying come out come out wherever you are.
Don't say nobody's watching, nobody cares
There's hands all around, pretend they're not there.
Pictures in the frame that's so far away.
She says they're never coming back
Why should she.

Oh macy
It doesn't have to be so hard.
I know you're not here but you're not too far to turn around,
To where you saw things clearer.
Locked yourself when you looked to the mirror
Graces at your back,
Turn around.

Oh macy grace
You don't tell yoyselv
Where for me I oh-own love

Macy
It doesn't have to be so hard.
I know you're not here but you're never too far to turn around,
To where you saw things clearer.
Locked yourself when you looked to the mirror
Graces at your back,
Everybody's praying now you turn around.
