

Push

Steve Moakler

Sometimes I swear this world's coming at us
Faster than we're coming at it
Sometimes it feels like we're moving backwards
Like we can't find a way to get ahead

No matter how tough it looks
I want you to know, I
Ain't afraid to push

On through, toward you
I ain't afraid to push
Round what's pushing you round
Push back what's pushing you down
Till it's buried in the ground
I ain't afraid to push
Yeah-yeah-yeah

Just when I think that I can't go on
Something 'bout the way that you smile
When I got my back against the ropes
You make me wanna stay and fight, that's right

No matter how tough it looks

I want you to know, I
Ain't afraid to push

On through, toward you
I ain't afraid to push
Round what's pushing you round
Push back what's pushing you down
Till it's buried in the ground
I ain't afraid to push

Whoa-oh, whoa-oh
Whoa-oh, yeah

Whatever might
Stand in our way
I want you to know, I
Ain't afraid to push

On through, toward you
I ain't afraid to push
Round what's pushing you round
Push back what's pushing you down
Till it's buried in the ground
I ain't afraid to push

I ain't afraid to push
I ain't afraid to push
