

Maybe This Year

Steve Perry

Maybe this year
We could try
Once again

Maybe this year
Our season will last
Through the years

Holidays
Here with you
Always brings joy
And, oh, mistletoe
So wonderful
It's all because you're here
There's just one more thing I wish

Maybe this year
We will try
Holding on to our love

Maybe this year
We will smile
Once again like we did before

Under stars
Under moons
You have my heart
So I sing to you
And I reach for you
There's nothing more I want to do
So let's both reach
For the cheer of this year
'Cause I only want to be here with you

So maybe this year
We will try
Holding on to our love

Maybe this year
Under stars
Under moons
This we swear
We will try
Maybe this year
