

Hey Alarm Clock

Steve Wariner

Well I'm one of ninety million people, gotta get up
(Hey alarm clock, in the morning)
I'm depending on you to get me to my coffee cup
(Hey alarm clock, in the morning)

I'm a waitress, I'm a cater, service station operator
I'm a ring around the collar, I'm a trucker, tailor, educator
I'm a cook (I'm a crook)
Yeah everybody's getting took
Where is Ralph Nader
He's our consumer advocator and we gotta get him up to go to work

Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up in the morning
Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up and go to work

I'm one of twenty million students, gotta get up
(Hey alarm clock, in the morning)
I'm depending on you, my classes are too hard to cut
(Hey alarm clock, in the morning)

I'm in English, I'm in drama, acting while I learn my commas
I'm an economics business major in an academic trauma
Education (occupation)
Mathematical equation
Are you equal to it
Well then, get up and do it, gotta get up and go to school

Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up in the morning
Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up and go to school

Well I'm a U.S. president, I gotta get up
(Hey alarm clock, in the morning)
I depend upon you just like the country does
(Hey alarm clock, in the morning)

I got a full itinerary, got foreign dignitaries
And a carousel of congressmen sleeping with the secretaries
Wake 'em up (shake 'em up)
Oops, another cover up on Capitol Hill
Well you're the hub of this wheel and we gotta get up and go to work

Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up in the morning
Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up and go to work
Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up and go to school
Hey alarm clock, hey alarm clock (hey alarm clock)
Gotta get up and keep this country moving

Hey alarm clock (hey alarm clock)
Hey alarm (in the morning)
Hey alarm clock (hey alarm clock)

I gotta get up and go to work
