

## Like A River To The Sea

Steve Wariner

You look like you did back then  
You kiss me like you did back when  
You and I first fell in love  
Time has been good to you  
I said I always knew it would  
You're more lovely every day.

Just like a mighty river runs to the sea  
My love for you keeps growing  
It was meant to be  
It will never go away  
It's deeper and stronger every day  
Like a river to the sea  
You know you can count on me.

These hands on the clock should know  
That time just can't pass this slow  
When I'm away  
But I've got my job to do  
Then I'll hurry home to you  
I'm waiting for the day.
