Voodoo

Steve Wariner

I made a little visit to the doctor
I said doc I think there's something wrong
He said I don't even have to take your temperature
Ain't nobody can help you boy you're too far gone
When your body starts doin' the talkin'
And I'm lookin' at the evil in your eyes
That's when I start to reelin' and a rockin'
Baby I can't help it I get hypnotized

Must be the voodoo that you do woo
You got me goin' cuckoo over you you
What is it that you do baby do it some more
I'm feeling like I never felt before
Must be the voodoo that you do woo

You drive me crazy every time I touch you
It's all over 'cause I'm under your spell
I love the way you take control of me
You take my breath away I can't holler for help

Must be the voodoo that you do woo
You got me goin' cuckoo over you you
What is it that you do baby do it some more
I'm feeling like I never felt before
Must be the voodoo that you do woo

I don't know where you came from
But you're right on time
Baby go ahead and love me out of my mind

What is it that you do baby do it some more
I'm feeling like I never felt before

Must be the voodoo that you do woo
You got me goin' cuckoo over you you
