

What More Do You Want

Steve Wariner

It hit me like a Texas tornado
I came home and you were gone
Found your goodbye letter on the 'frigerator door
I thought it read baby I miss you
Or I'll be home around five
But what it really said was I don't love you anymore

What do you do where do you turn
When all you can do is just watch it all burn
And you're holdin' on to nothin' but a memory
What do you feel what do you say
When your whole world has been taken away
You took everything what more do you want from me

I stood there devastated
Complete total shock
And like the tin man I was frozen in my tracks
I never saw it coming
Never would have dreamed
Here I am I can't go forward
And I can't go back

What do you do where do you turn
When all you can do is just watch it all burn
And you're holdin' on to nothin' but a memory
What do you feel what do you say
When your whole world has been taken away
You took everything what more do you want from me
You took everything what more do you want from me
