If you ever
if you should ever need a fool
and if you ever
need a place you can run to
I will hold you in my arms
shelter you from harm
what else could I do
I would be there
if you should ever need a fool
if you ever
need a place that you can hide
and if you ever
need a place that's warm inside
I will rise up to the call
no questions asked at all
what else could I do
I will be there
if you should ever need a fool
(quitar)
I would rise up to the call
no questions asked at all
what else could I do
I would be there
if you should ever need a fool (4X)
