

Nothing But The Shell

Steve Wynn

Finally stashed away the vices
Like a shield against the coming crisis
See what drops and see what rises
Watch out for the falling prices

Leaving nothing but the shell

Remember when she was a comer
Brighter but a little dumber
Something went down late last summer
I don't suppose you have her number (ch)

Never made it to the coda
The CIA destroyed the folder
Brighter but a little older
A teleprompter and a soda (ch)

Snow White and the Seven Dwarfs
Neil Young and Crazy Horse
A victim of a bad divorce
Take a little from the source (ch)
