God is It True (Trust Me)

Steven Curtis Chapman

God, is it true that you're thinkin' of me at this moment?
God, is it true that you hear every prayer that I pray?
God, is it true every time my heart beats, you know it?
Well, if it's all true, then that must be you I hear saying, "Trust Me."

God, is it true out of all things you're doing on this planet,
Could it really be true that you've counted the hairs on my head?
God, is it true, every day of my life, you have planned it?
Well, if it's all true, then that must be you I hear saying, "Trust Me."

Trust Me, Trust Me
I'll never leave you
I'll never forsake you
Just trust me

God, is it true that your love for us is never ending?
Could it really be true that you'd die before letting us go?
God, is it true that not even death can separate us?
Well, if it's all true, then what can I do but put all my hope and all my trust in you?
Well, I know it's true and I know it's You I hear saying, "Trust Me."
I hear you saying, "Trust Me."
