

Sing Hallelujah

Steven Curtis Chapman

Sing hallelujah
The sun's breaking through
To take back the dark sky
And make everything new

We knew joy was coming
But we just had to wait
And now we sing hallelujah
'Cause it's a brand new day

So let's sing hallelujah
The dark night is gone
Creation is singing
So come join in the song

The Father is calling
To come out and play
So we'll sing hallelujah
'Cause it's a brand new day

Sing hallelujah
It's a brand new, beautiful day
