This Day

Steven Curtis Chapman

Yesterday the sky was bright and clear I could see the sun and I could hear the song Faith flowed like a river free and deep And grace was not so hard to be believed

But that was yesterday And what was close enough to touch Now seems a world away So what about this day

This day all His mercies are new This day every promise is true Father, help me to believe Give me faith I need to know You And trust You this day, this day

Who knows what tomorrow's light will bring Tears to cry or maybe songs to sing out loud But only God can see that far away

And he made us for living day by day 'Cause he wants us to see
That the God that He's been everyday of history
Is who He is this day

This day all His mercies are new This day every promise is true Father, help me to believe Give me faith I need to know You And trust You

'Cause You are the same yesterday and today and forever Through every season Your truth and Your grace never change Oh Lord, I do believe that the God That You've been everyday of history Is who You are this day

This day, this day
This day Your mercies are new
This day Your promise is true
This day my hope is in You, Lord
This day, oh yea

This day all Your mercies are new This day every promise is true Father, help me to believe Give me faith I need to know You And trust You

This day all Your mercies are new
This day your every promise is true
Father, help me to believe
Give me faith I need to know You
And trust You this day
I'm gonna trust you this day, yea
This day, yea
