

# Ain't Playin'

Steven Malcolm

No, I ain't playin  
Smile on my face  
Flick up with the fans  
But still I ain't stayin  
Onto the next city  
Stay on the road  
Gotta master the plan  
Been on my way  
I bust out the scene  
They don't understand  
Legend like Jordan  
The game been in order  
But still I ain't playin

Been consistent I press start to go  
My flow timeless inexhaustible  
They can't keep up  
It's been hard to know  
How Ls feel ain't really took none of those  
Can't complain my lane been comfortable  
Stamp my name on the brain of most of those  
Who need truth in my bag with a ton of flows  
Crew next up  
With the drip a connoisseur!  
I've been the type to go get it  
Grew up a screwup the things that I've witnessed  
Sharpened me pushing the boy to the limits  
Ask how I'm doing I tell'em prolific  
Ask how I took off and ran up the digits  
I came on the scene and took over let's get it  
I'm running my city and I'm just that Christian  
That boy on a mission that boy that ain't missing!

No, I ain't playin  
Smile on my face  
Flick up with the fans  
But still I ain't stayin  
Onto the next city  
Stay on the road  
Gotta master the plan  
Been on my way  
I bust out the scene  
They don't understand  
Legend like Jordan  
The game been in order  
But still I ain't playin  
No I ain't playin

I'll take the check please  
That's for rent fees  
Not for Bentleys  
I wip a 10 speed  
You're too friendly  
That's not sketchy  
I come back empty if God just sent me  
Almost deadly but God is in me  
It's not an issue I run big dudes

Who look like 10 you  
To be continued I'm back from Covid to pack the venue  
My bad haven't rapped in a minute been working on big moves  
Tell your label and whoever sent you I'm back to business  
No more pop songs I own my masters  
I own my catalog nothings changed dog  
I know where I came from  
Not the same one and I ain't playin no games

Dear op, you don't decide when it's over  
So I'ma keep going never gone stop  
Put me in the trap watch me open up shop  
It's that boy from the block but he aim for the top  
My Lord this what I do for the culture aye  
I stay away from the vultures stay  
All fun and games but I do not play  
I just did they say I can't  
Made'em switch up all the plans  
Take the family to Japan  
I'm the ruler with the vans  
The future they don't understand  
Computers help us comprehend  
I'm guided by Yeshuas hand  
I will be sticking to the plan  
I'll get back to you when I land, fernie!

No, I ain't playin  
Smile on my face  
Flick up with the fans  
But still I ain't stayin  
Onto the next city  
Stay on the road  
Gotta master the plan  
Been on my way  
I bust out the scene  
They don't understand  
Legend like Jordan  
The game been in order  
But still I ain't playin  
They know I ain't playin

I'm in the zone but they know I ain't playin  
Been on the wave, why you still in the sand  
God said be humble I feel like the man  
Pack out the venue then back to the van  
Onto the next city to rage with the fans  
Family to raise so I do what I can  
The life that I live feel like making the band  
Ask who the best I'll be just like my man  
And tell you my name 50 times in advance  
How can I chill out and give them a chance  
Been hungry not canceling my dinner plans  
I take out the order I cook up the jams  
A victory lap while I'm raising my hand!

No, I ain't playin  
Smile on my face  
Flick up with the fans  
But still I ain't stayin  
Onto the next city  
Stay on the road  
Gotta master the plan  
Been on my way

I bust out the scene  
They don't understand  
Legend like Jordan  
The game been in order  
But still I ain't playin
