

# Bounce

Steven Malcolm

Woah

Okay

I came to bring the bounce in  
Got that living water keep me drippin' like a fountain  
Keep that backpack when it's time to bring the sound in  
Didn't believe at first  
Now they never doubtin'  
I hear the crowd jumpin'  
They want Malcolm  
They want the real back  
I think they found one  
Numbers going up I feel like an accountant  
808s pumping time to bring the bounce in  
Go  
Bring the bounce in  
Go  
Bring the bounce in  
Always had faith could prolly move a mountain  
Say Midwest from now on when you announcin'

Woah

I been on a mission  
Every since I was in grade school  
Single parent home  
Mama workin' for the rent dues  
Coming from the gutter I know  
Life was never simple  
True stories all I ever know, that's all I been through  
Now I pay bills wit a pencil  
Same one that simplify the flow from the dental  
Same one that brought the  
Late nights  
Show time  
Long flights  
Big lights camera 'bout that action  
Aye  
Big Midwest  
Big fashion  
Aye  
Check the fit  
Don't need a caption  
Aye  
No manners  
Bring out the savage  
Ayre  
They can't compare  
I'm not the average

Woah, woah  
Big bounce  
Hit the switches on the 6'4  
Tell 'em that we up, and it's going down  
Truth in the house  
Way I'm getting it  
Gotta treat these other rappers like my sons  
And I don't play around  
Aye  
Dead beat  
Say a prayer for me  
Aye  
A lot of chains  
I'm Mr. T  
Aye  
I seen ops  
Dead meat  
Aye  
Unlock the door  
I got the key  
We ain't wit that foolery and nonsense  
Jus' some ghetto youth from projects  
Put a lot time now I'm the one next  
Been through trials all day to see my sun set
