

Fuego

Steven Malcolm

I got work all on the table
Yeah, my bros on payroll
Ayy tell them goons to lay low
Yeah, just keep it fresco
I'm on a whole new level
So keep it muy sosiego
Ayy no long talk, boy they know
They know I got that fuego
That fuego fire
Fuego woo, fuego fire
Fuego woo, fuego wow
Fuego woo, fuego fire, fuego woo
Came up from that Bando
And put in work like Rambo
Ayy tell them goons to lay low
You know I got that fuego
That fuego fire

Yeah, yeah, yeah
I got that salsa de fuego
Stay with that sauce like alfredo
Blessings they come when He say so
Hol' up, "Hi to my haters", I'm Maino
I put my homies on payroll
Placed at the top like a Kangol
I throw the deuce up to silence my enemies, right through that potato
Lightnin' up the city the reason I write for
Giving the gospel where the people be needing that light show
Gimmie the pen and we deliver more sinners with eyes closed
See the light after the dark like the skin on Michael
I shine too bright with that lighter
Seek you will find them, who take that boy higher
Three for that win, my touch be the mightest
Free from my sin, baptized in that fire

I got work all on the table
Yeah, my bros on payroll
Ayy tell them goons to lay low
Yeah, just keep it fresco
I'm on a whole new level
So keep it muy sosiego
Ayy no long talk, boy they know
They know I got that fuego
That fuego fire
Fuego woo, fuego fire
Fuego woo, fuego wow
Fuego woo, fuego fire, fuego woo
Came up from that Bando
And put in work like Rambo
Ayy tell them goons to lay low
You know I got that fuego
That fuego fire

Fuego woo!
Fuego squad
We do not play
We keeps it way

Way up so high that ain't even no gravity
Where we stay, yes you will suffocate
All in the atmosphere, like, "Yo, what happened here?"
Just me I'm sorry, yet I do not care
Look in the sky like that's me you see there
If no weapon prosper than I shall not fear
This here the Second City, for those who thinking we do not got it on lock w
ith no key
We are the prodigy
We are the anomaly
Strength in the outnumbered, we are IVAV
We are slightly crazy
We are Patrick Swayze
We going ghost till the end though
But we do not end, though
Joe told me snap, I'm like, "Let go"
Hypebeast all up in that fuego

I got work all on the table
Yeah, my bros on payroll
Ayy tell them goons to lay low
Yeah, just keep it fresco
I'm on a whole new level
So keep it muy sosiego
Ayy no long talk, boy they know
They know I got that fuego
That fuego fire
Fuego woo, fuego fire
Fuego woo, fuego wow
Fuego woo, fuego fire, fuego woo
Came up from that Bando
And put in work like Rambo
Ayy tell them goons to lay low
You know I got that fuego
That fuego fire
